

# Over door heaters

The ideal solution for small openings and heating applications

thermoscreens®

Thermoscreens Jet and T over door heaters offer the ideal solution for small spaces such as kiosks boutiques and drive through restaurants.

The Jet is an electrically heated, surface mounted heater which comes complete with mounting brackets allowing the unit to be wall or ceiling mounted, the bracket angled to ensure effective coverage.

Jet is available in three versions rated at 3, 4.5 and 6kW. Each model can be run at full and half heat ensuring that the right amount of heat is delivered.

T units are available in 595mm and 895mm width options and delivered complete with wall mounted controller and ceiling grille.

Both the Jet and T can be mounted up to 2.3m high. Jet units are available in two widths, 600mm or 800mm.

T is a recessed over door electrical heater with options for 3 or 4.5kW. It can also be operated in half heat mode for extra flexibility.

## Key Features

- 1 year warranty
- RAL 9010 finish as standard
- Two heat settings
- Mounting height 2.3m
- Jet supplied complete with wall/ceiling mounting bracket
- Recessed version supplied complete with grille
- IP21 rated
